**PICKLE PRODUCTION
 RESUMED AFTER BLAZE**

(Continued from Page One)

The second alarm was turned in at 12:45 a.m. Sunday as flames soared from the warehouse, which Fire Chief Aulden Hawthorne had inspected minutes before, across the railroad tracks from the pickle plant. Adjuncts said the 782 boxes of government loan cotton stored by Graco Fertilizer Co. in the warehouse, and the building were declared to total \$136,530 in damages. The cotton, said to be worth \$129,020, was an 80 per cent loss and the 60 x 50 foot warehouse was said to be valued at \$7,500. Three Cairo fire trucks, one from Bainbridge and one from Thomasville were used by 11 firemen to fight the fire, the most destructive in the history of the city.

None of the thousands of bushels of cucumbers and other raw pickle products stored in brine tanks were involved.

Unharmful were the fertilizer plant, a peanut shelling plant and cotton gin across the street from the scene of the ruins of the fire, still a heap of smoldering ashes.

Some employees still working in the shipping department were unaware of the fire until it quickly reached all parts of the plant. All auxiliary firemen were on the job to try and keep the flames from spreading, as well as about 300 citizens who volunteered to keep the streets clear, direct traffic, and assist in other ways.

As firemen battled the fire, a conference of officials was going

on in nearby plant offices Saturday to resume immediate production so unemployment would stand at a minimum.

The fire was not reported under control until 7:30 a.m. Sunday, more than 12 hours after the first alarm was turned in the night before. Weary firemen were relieved then by other workers who still continued to shoot streams of water from the hose on the plant wreckage, a mass of broken pickle jars and molten bottle caps.

Moultrie and Tallahassee Fire Departments stood by with equipment in case it was needed to hold back the flames.

The fire came on the heels of a notice received by Fire Chief Hawthorne Saturday that the city had won second place in Georgia in the municipal division for its fire prevention campaign last year.

**Deaths And
 Funerals**

HENRIETTA JONES KNIGHT, 76

Last rites for Mrs. William H. Knight, 76, were held at the Spring Hill Methodist Church 6 miles north of Whigham, Saturday, Jan. 28, at 3 p.m. with the Rev. J. E. Lackey officiating.

Palbearers were C. W. Bishop, Virgil Palmer, J. W. Palmer, Bill Wright, Noah Hatcher and L. T. Hatcher.

She died Jan. 27 at her home.

MR. AND MRS. JOSEPH A. LAWRENCE are pictured following their marriage in Spring Lake, N. C. Following a wedding trip to points in Florida and Georgia, they are making their home in Spring Lake.

north of Whigham in the Spring Hill Militia District after a lengthy illness.

She was born in Thomas County Oct. 20, 1879. Prior to her marriage to William H. Knight, she was Miss Henrietta Jones.

Surviving her in addition to her husband are three daughters, Mrs. W. H. Bishop of Bainbridge, Mrs. R. B. Bishop of Pelham and Mrs. R. R. Wheeler of Whigham. Thirteen grandchildren and 14 great grandchildren also survive.

Interment was in Spring Hill Cemetery with Forsyth Funeral Home in charge of arrangements.

**CITY MANAGER
 AT ROTARY**

(Continued from page one)

Thomasville's City Manager before resigning to go into engineering work in Albany several years ago. He was introduced by Adron Rosser, former City Manager here.

He said he will work with the Mayor and Council and carry out policies set by them after providing information and acting in an

with suggestions regarding city government see him, rather than going before the Mayor and Council, and he will try to carry out any suggestions or iron out difficulties that may arise that do not require the full attention of the Mayor and Council.

He listed among his other duties, the preparation of a budget and various reports pertaining to city government.

President Howard Thrower, urged all members to exercise their privilege of voting in the election next Wednesday for county offices.

Visitors at the meeting included two Rotarians, Sarah Eskew and Aubie Nicholson; Johnny Faulk, Byron White and Carlton Powers of Cairo; Dr. John King, Gordon Hasty and Al Curry of Thomasville; M. W. Turner of Pelham, and John David of Albany.

**METHODIST WOMEN
 TO MEET MONDAY**

The regular meeting of the Woman's Society of Christian Service of the Methodist Church will be held at the church at 4 o'clock Monday afternoon, February 6th, the program will be in charge of the Vannie Powell

**The Veterans
 Corner**

Here are authoritative answers from the Veterans Administration to four questions of interest to servicemen and their families:

Q: My daughter is receiving VA compensation payments, based on the death of my husband, a World War I veteran. She is over 18 years old, but she is attending school. Will the payments continue during her vacation periods, or will they be stopped when she is not actually in school?

A: The payments will be continued during vacations, so long as evidence is submitted to VA showing that she was attending school at the end of one term, and plans to resume her studies at the next regular term.

Q: I want to change the beneficiaries of my GI insurance policy. Must I use a VA form for this purpose, in order for the change to be

accepted by VA?

A: It is not necessary to make the change on a VA form, although it is advisable to do so. You can change beneficiaries by writing VA a letter. Be sure to give your insurance number, full name, address and branch of service. And don't forget to sign your request.

Q: I want to make an advance payment on my GI home loan. Is there any minimum amount I must pay?

A: Your advance payment must be at least the amount of one monthly installment, or \$100—whichever is less.

Q: Must a veteran's blindness be service-connected, in order for him to be eligible for special VA aids for the blind?

A: Not necessarily. To be eligible, the veteran must have a compensable service-connected disability, blindness itself, however, need not be service-connected.

EXPERIENCE

HELPS In the Administration of Your County's Affairs

There's no mistake about it—experience is the best teacher—at this very definitely applies to the administration of your county government's affairs! As one of those charged with this big responsibility, achievements during the past three years, without any real increase your tax burden, reflects only credit upon the sound business management needed to do what has been done. With nearly 25 years of business experience in the construction business and as vice-president of the local publishing concern, plus the valuable experience gained as your County Commissioner for the past three years, I very respectfully ask you vote and support to the end that this experience may continue to contribute for the benefit of our county.

With this business experience, also, I have for the past several years lived on, and have been engaged in farming—in general farming—in a position to fully understand and appreciate the needs of our farmer in connection with their county government. I pledge, if favored with an endorsement term, to continue my effort at all times of the interest of all, from the smallest farmer to those with the biggest businesses.

I pledge, further, to use my experience and devote all of the time needed to assure ALL our people the fairest and most conscientious consideration of all matters of county government business—to the end that our county may continue to move forward in every way.

HAMILTON WIND

RESPECTFULLY SEEKS YOUR VOTE AND SUPPORT FOR A SECOND TERM AS YOUR CO. COMMISSIONER AT THE POLLS NEXT WEDNESDAY, FEB. 8!

TO EVERY GRADY COUNTY VOTER

As the father of Hamilton Wind, who is again offering for County Commissioner from District No. 1, comprising the Cairo Militia District, I wish to emphatically state that while I have a fish pond at my pean grove place, two miles NE of Cairo, which I have been building and improving for the past four years THAT I HAVE NEVER USED A COUNTY BULLDOZER OR DRAG LINE in the construction of the same.

It has come to my attention that certain parties have been going around making the statement that I have used the County Equipment in the above work, and I have not paid for the use of the same. I wish to state that any person making such a statement is deliberately telling a falsehood for political purposes or have been badly misinformed and I hereby offer a \$1,000 REWARD for any person who can prove I have ever had a drag line or bulldozer on my place that was owned by the County of Grady.
